

# LET'S MAKE CHINESE NEW YEAR LANTERNS!

PLEASE READ ALL THE INSTRUCTIONS BEFORE MAKING! :)

1. For best results print on card (or coloured card!).
2. Cut out all around the dotted lines around the outside (not the inside ones yet!)
3. Fold ① ('lantern body') along the grey line (in half).
4. Then whilst still in half, cut along the inside dotted lines.
4. Unfold and roll it around to make a lantern / cylinder shape.
5. Glue each end together to secure the rolled up shape.
6. Then get ② ('handle') and fold on the small grey lines on either side of the handle.
7. Glue each folded end underneath and attach to the top of the cylinder / lantern body.

**NOW YOU HAVE YOUR VERY OWN CHINESE LANTERN DECORATION!**

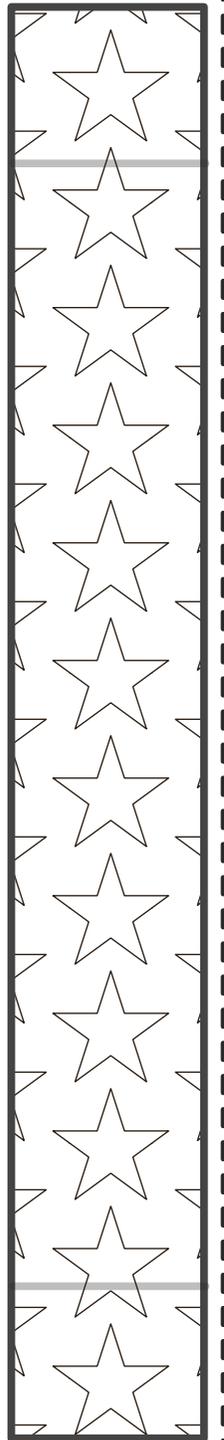

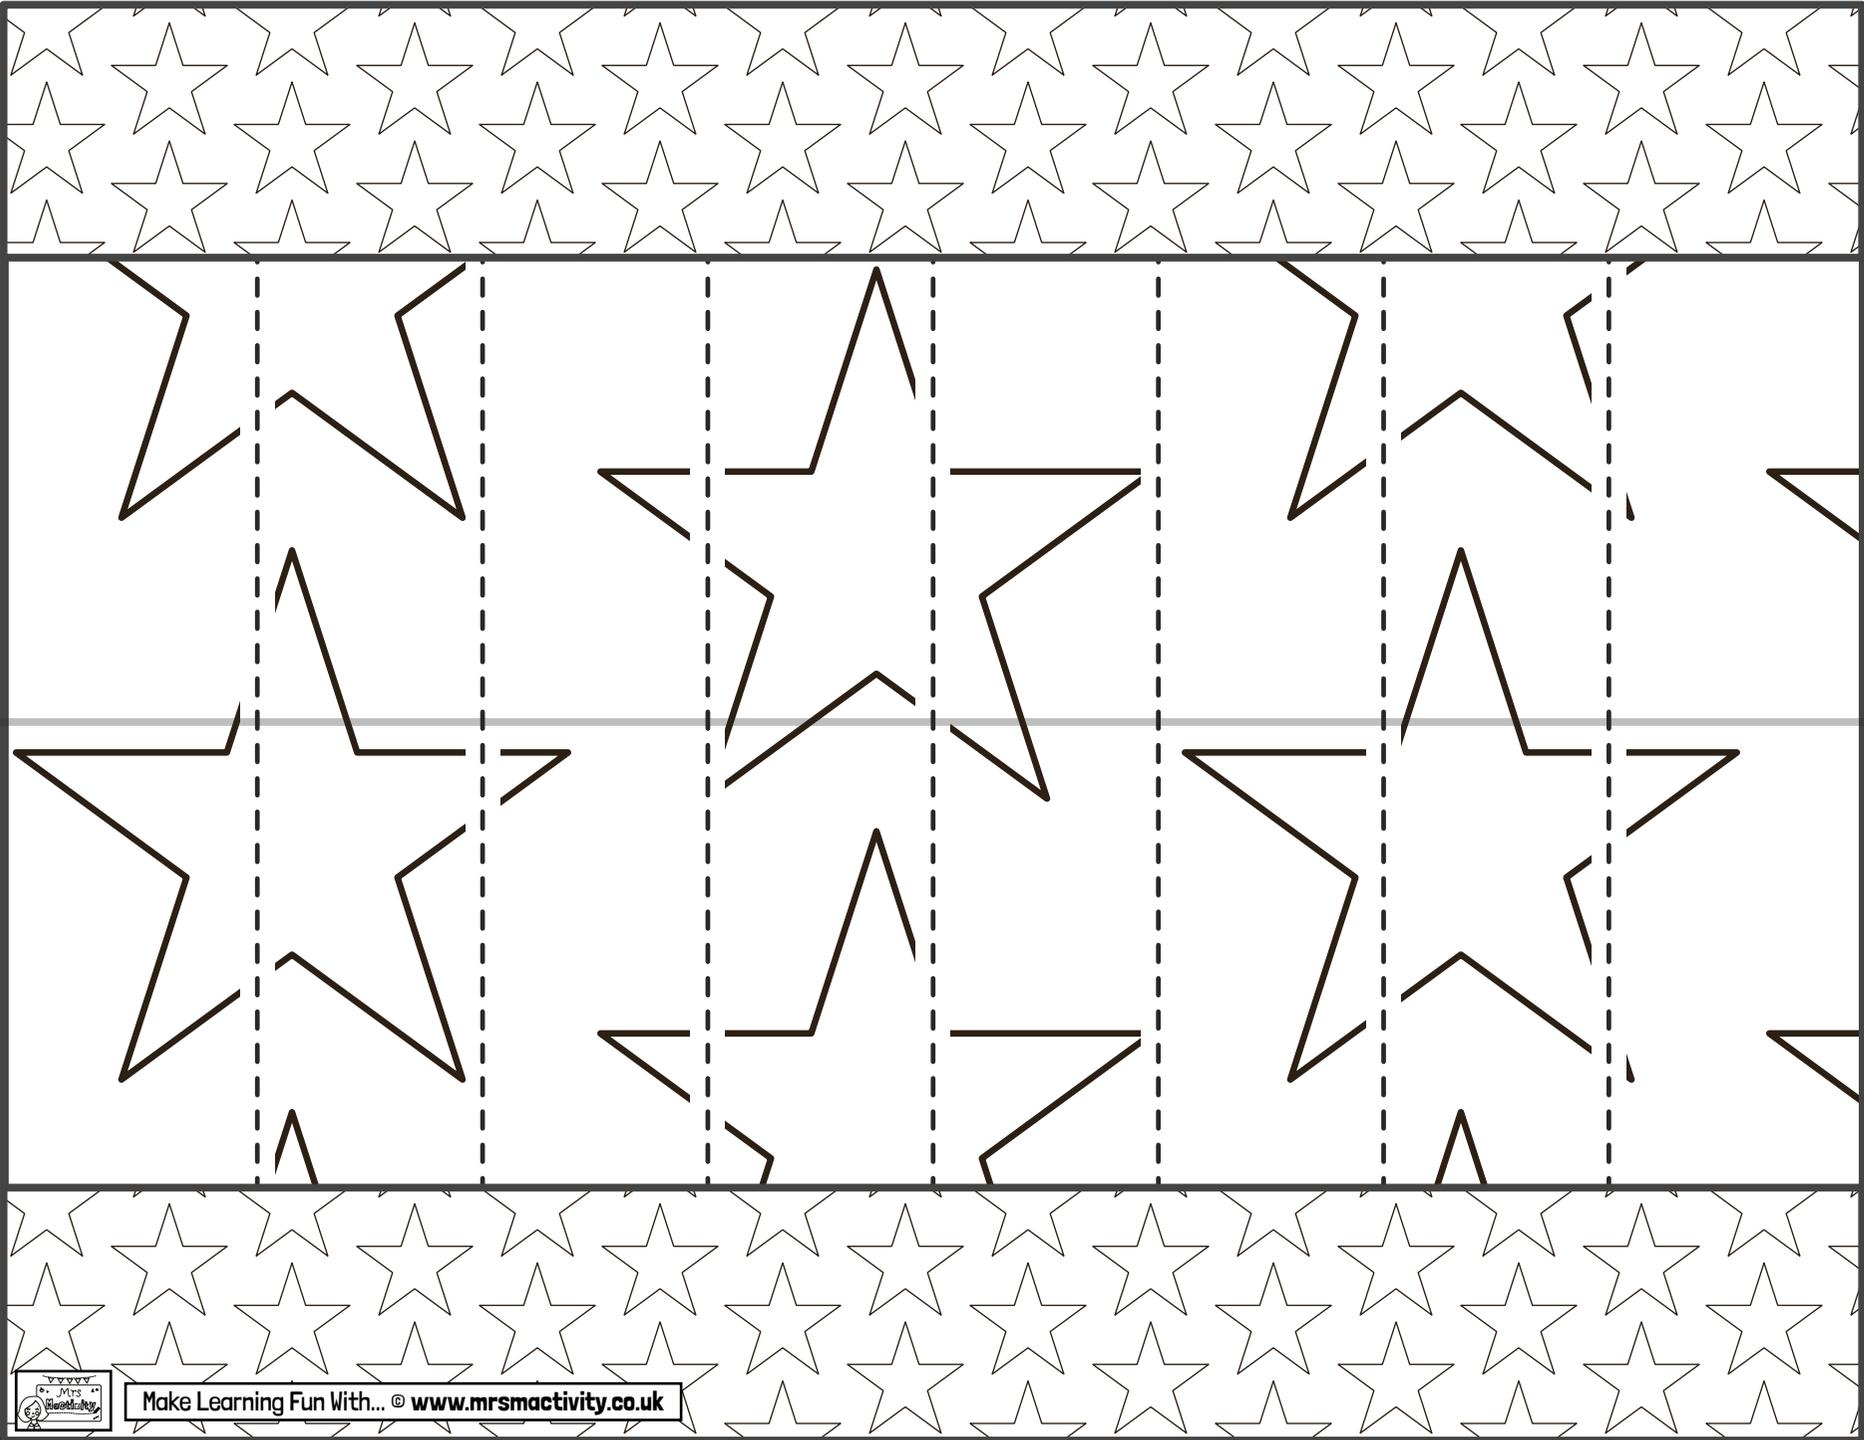

This is what it looks like when completed!

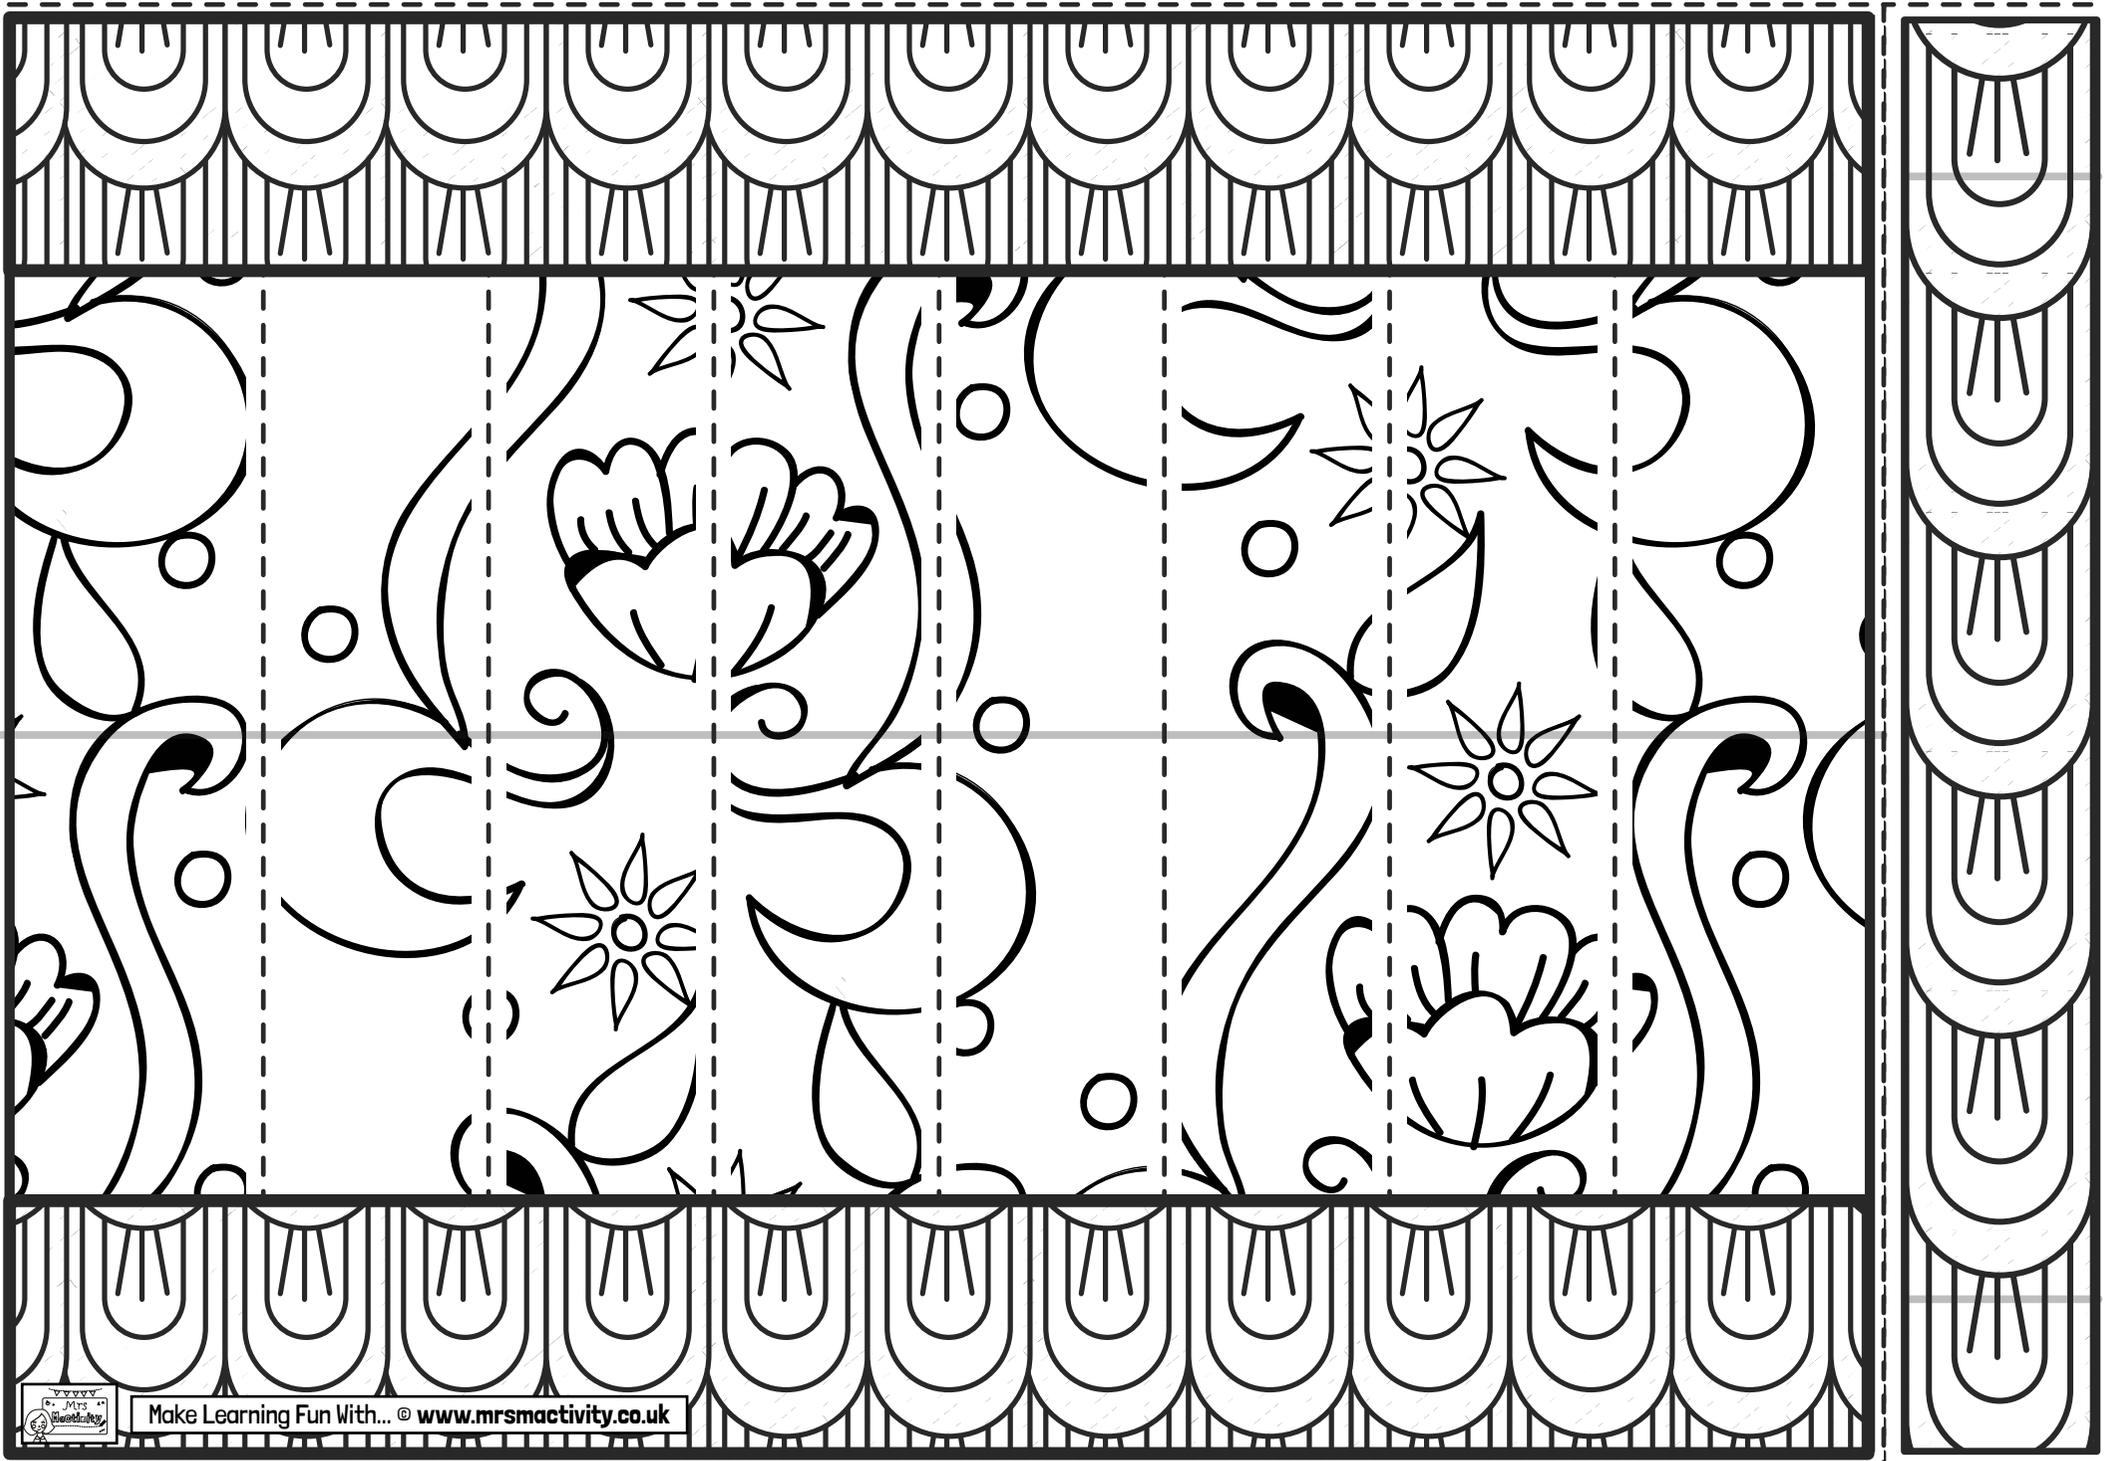

① lantern body

② handle

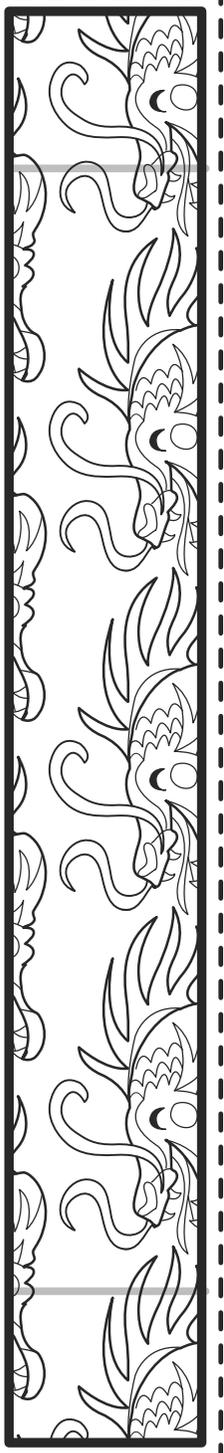

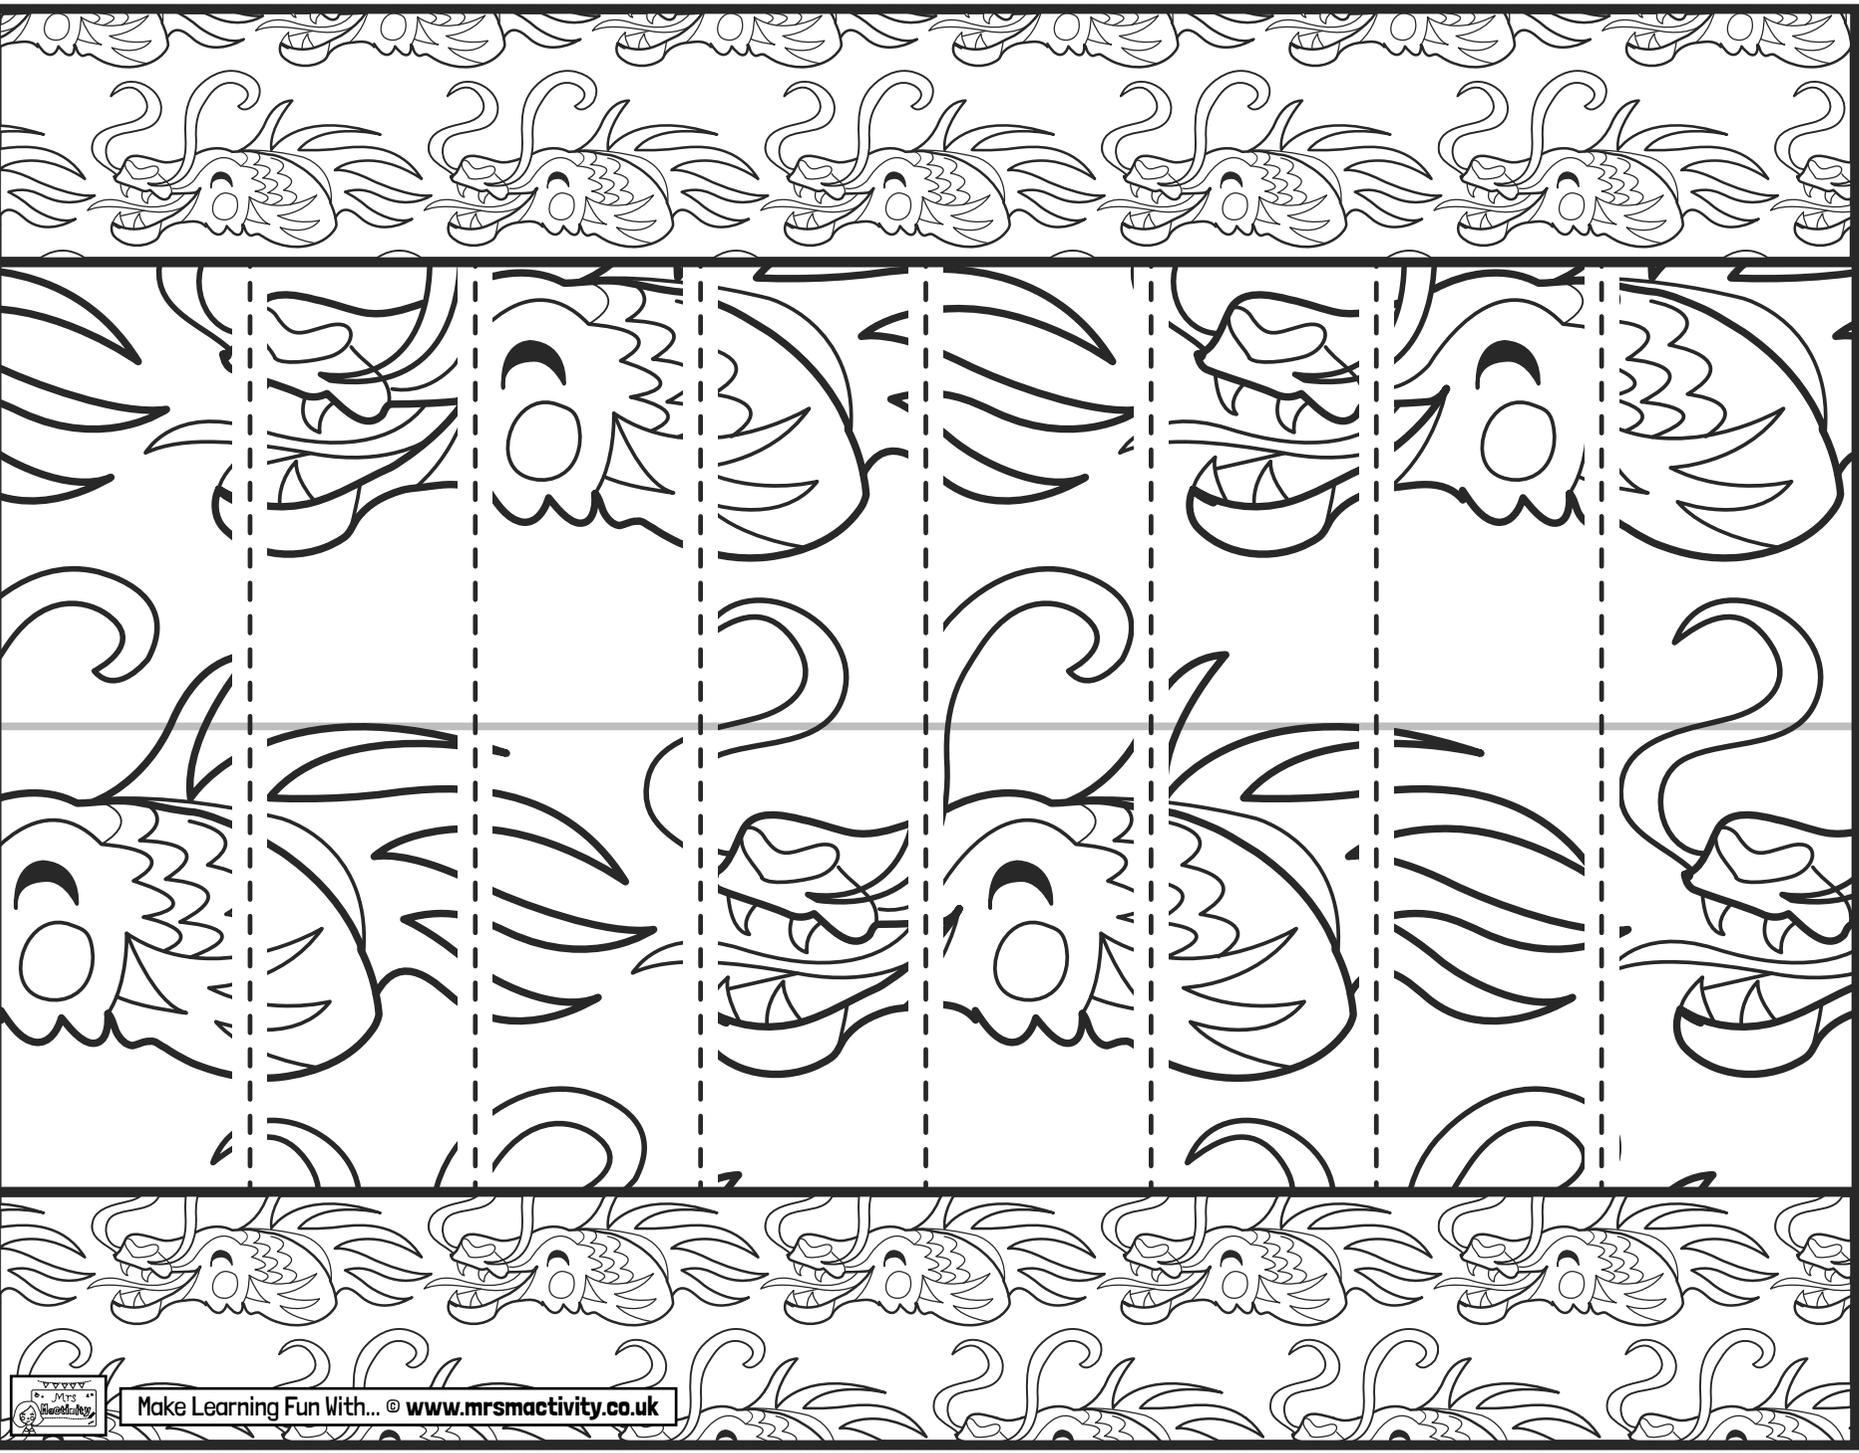

① lantern body

② handle

① lantern body

② handle

1 lantern body

2 handle
